

EXPLORING CAREERS WITHOUT COLLEGE

SPRING 2026

Print
or
eBook

Hi-Lo Nonfiction for Teens

Exploring Careers Without College provides readers with information about careers in five growing industries that do not require a college degree. This series explores jobs in construction, engineering, health care, technology, and wellness and beauty. The books describe jobs associated with each of these industries and provide information on training, life on the job, and the career outlook. Each book includes graphics that present key information visually, source notes, and resources to aid in further research.

eBook

Hi-Lo Nonfiction for Teens

Hi-Tech Jobs Without College introduces readers to technology-based careers that do not require a college degree. This series explores jobs in computer programming, data analysis, data center maintenance, digital marketing, and systems administration. The books provide information about the job, the training involved, life on the job, and the career outlook. Each book includes a graphic that presents key information visually, source notes, and resources to aid in further research.
